

SCHOLARSHIP PROGRAMS AT HASJ (updated 6/26/11)

Unlimited Student Recruitment Rewards

This program is designed to assist any family that is motivated to help the school's enrollment. It is not based upon need. A \$100 discount for the recruitment of each new family to HASJ is provided to a family already in the school. The HASJ family may receive this credit to their tuition for each family that enrolls in HASJ for a full year for which the new family is enrolled. The credit will be prorated over the months of the first year for as long as the new family is enrolled. **The discount will be applied to the last month's tuition.** There is no limit to the number of new families the school family may secure.

Work Scholarships

In the work scholarship, a portion of the tuition can be paid by working for the school. This work is normally done at lunchtime, during study hall, before school or after school. The work scholarship is approved and awarded during the first month of school. While the application is kept confidential, because of work being done, it is not possible to maintain complete confidentiality. In the work scholarship program, your paycheck is to be used for paying your tuition. **This is considered an outside contractor's position and will incur a 1099 tax statement for income earned over \$600.**
